COMSEC
(Communications Security)

DD Form 254, Block 10a & 11h:

The COMSEC Annex to the National Industrial Security Program Operating Manual (CA-NISPOM) (DoD 5220.22-A) shall apply to this contract. Access to classified COMSEC information shall be restricted to U.S. citizens who: have been granted a final government security clearance; have a need-to-know (as defined in the NISPOM); and have successfully completed a non-lifestyle, counterintelligence scope polygraph examination if required by the cognizant Agency or Department. Non-U.S. citizens, including immigrant aliens are not eligible for access to classified COMSEC material or information. Access to Controlled Cryptographic Items (CCI) will be IAW Para 9 of the COMSEC Annex (DoD 5220.22-A).

Personnel approved for COMSEC or Cryptographic access shall be briefed IAW Para 10 and 11 of the COMSEC Annex (DoD 5220.22-A). The Facility Security Officer (FSO) must provide a current listing of individuals granted cryptographic access for each contract or Memorandum of Agreement (MOA) to the appropriate government Program Director.

1. FOR OFFICIAL USE ONLY INFORMATION:

- a. The “For Official Use Only” (FOUO) marking is assigned to information at the time of its creation by the DoD User Agency. It is not authorized as a substitute for a security classification marking but is used on official government information that may be withheld from the public under exemptions 2 through 9 of the Freedom of Information Act (FOIA).
- b. Use of the above marking does not mean that the information cannot be released to the public, only that it must be reviewed by the Government prior to its release to determine whether significant and legitimate government purpose is served by withholding the information or portions of it.

2. IDENTIFICATION MARKINGS:

- a. An unclassified document containing FOUO information will be marked “For Official Use Only” at the bottom of the front cover (if any), on the first page, on each page containing FOUO information, on the back page, and on the outside of the back cover (if any). No portion markings will be shown.
- b. Within a classified document, an individual page that contains FOUO and classified information will be marked at the top and bottom with the highest security classification of information appearing on the page. If an individual portion contains FOUO information but no classified information, the portion will be marked, “FOUO.”
- c. Any FOUO information released to a contractor by a DoD User Agency is required to be marked with the following statement prior to transfer:

This document contains information EXEMPT FROM MANDATORY DISCLOSURE under the FOIA. Exemptions _____ apply.

- d. Removal of the FOUO marking can only be accomplished by the originator or other competent authority. When the FOUO status is terminated, all known holders will be notified to the extent practical.

3. DISSEMINATION: Contractors may disseminate FOUO information to their employees and subcontractors who have a need for the information in connection with a classified contract.

4. STORAGE: During working hours, FOUO information shall be placed in an out-of-sight location if the work area is accessible to persons who do not have a need for the information. During non-working hours, the information shall be stored to preclude unauthorized access. Filing such material with other unclassified records in unlocked files or desks is adequate when internal building security is provided during non-working hours. When such internal security control is not exercised, locked buildings or rooms will provide adequate after-hours protection or the material can be stored in locked receptacles such as file cabinets, desks, or bookcases.

5. TRANSMISSION: FOUO information may be sent via first-class mail or parcel post. Bulky shipments may be sent by fourth-class mail.

6. DISPOSITION & DISCLOSURE: When no longer needed, FOUO information may be disposed of by tearing each copy into pieces to preclude reconstructing, and placing it in a regular trash container. Unauthorized disclosure of FOUO information does not constitute a security violation but the releasing agency should be informed of any unauthorized disclosure. The unauthorized disclosure of FOUO information protected by the Privacy Act may result in criminal sanctions.
